Phyllis E. Williams Spanish Immersion
Parent Teacher Organization

2019-2020 PEW PTO Strategic Initiatives

Building Community While Achieving Greatness

During the 2019-2020 school year, Phyllis E. Williams Spanish Immersion Parent Teacher Organization (PEW PTO) will focus on three basic initiatives.

The **“Building Community”** initiative stresses a greater connection between school, home, and the community. With increased, parent, staff, and community involvement in the PEW PTO, students will flourish and achieve academic success. The initiative will break down silos and create effective partnering that builds capacity to support activities aligned with the overall advancement of our school community.

The aim of the **“Global Leaders”** initiative is to enhance the educational experience for students by supporting and supplementing the needs of teachers to promote academic and enrichment activities. The enrichment activities will also connect our students with opportunities to understand their civic responsibility of being positive influencers within their community. Effective parent and teacher collaboration is critical in order to influence civic-mindedness and healthy social-emotional development by consciously encouraging habits and skills that allow students to flourish as contributing members of their community.

The **“School Beautification”** initiative will help the PEW PTO create and preserve a well-maintained school that provides a safe and welcoming learning environment for students. The beautification initiative will also be effective in bringing together our Phyllis E. Williams family and community volunteers and this relationship will be a source of pride for the community. Developing a community sense of pride and ownership, and contributing to the improvement of the local environment, can lead to establishing lasting ties in the community.
